PLEASE JOIN US FOR A WEBINAR ON NAVIGATING CHALLENGING FBAR APPEALS

Guy Glaser, one of our esteemed tax attorneys, will be discussing the critical elements of navigating the FBAR and foreign information reporting forms appeals process.

Join him for a Strafford webinar, "[Appealing IRS Penalty Abatement Denials: Foreign Disclosure Penalties and Navigating the Appeals Process](#)" on **Tuesday, April 20th 10:00am-11:30am PDT.**

The IRS employs extremely strict standards to decide whether a taxpayer qualifies for penalty abatement for failure to file required foreign information returns and FBARs.

This is why counsel and advisors must be prepared to present a strong case for taxpayers seeking to appeal their FBAR and other penalties.

The panel will provide a comprehensive guide to navigating the process of appealing an IRS's denial of a penalty abatement request.

They will review these and other key issues:

- How do you resolve international controversies?
- What are the types of lesser-known foreign assets transactions that trigger significant penalty risks?
- Which legal and practical issues can erupt in these cases and how can we mitigate those risks?
- What relevant law is applied
